Agenda 2030

Borderless Hematology

Mission

Mobilizing professionals, sharing knowledge and connecting interests to advocate hematology in Europe and beyond.

Vision

Being the leading community to accelerate progress in hematology.

Principles

- We are credible
- We look beyond
- We share what we know
- We stand together

Role

As a community for all individuals and professionals involved in hematology, our role is:

Global connector

uniting professionals through strategic global collaborations

Innovation stimulator

fostering and facilitating an environment for innovation

Knowledge nurturer

nurturing knowledge for collective growth

Ambition 1

Nurturing Knowledge for Collective Growth

Objectives

- Elevate hematology education and professional development
- Nurture talents, and mobilize professionals
- Expand impact, knowledge, and compliance in the ecosystem

Ambition 2

Fostering an Innovative Environment

Objectives

- Accelerate technology adoption and integration
- Foster innovative, collaborative projects and disciplines
- Dissemination and accessibility of innovations

Ambition 3

Advancing Research for Significant Breakthroughs

Objectives

- Support for fundamental research into mechanisms and novel therapeutics for blood disorders
- Encourage pioneering translational, investigator-initiated, and clinical research
- Enhance strategic, interdisciplinary, and international collaborations

Ambition 4

Pursuing Equitable Access to Enhance Patient Care

Objectives

- Enhance affordable and equitable access
- Standardize care, reduce data disparities, and create standards
- Support patient and public engagement

Ambition 5

Empowering a Thriving Hematology Community

Objectives

- Engage and empower hematology professionals at all career stages
- Foster a diverse and inclusive community
- Ensure sustainability practices
