

FACULTY

ANDISHE ATTARBASCHI	AUSTRIA
ADRIANA BALDUZZI	ITALY
ANDRÉ BARUCHEL	FRANCE
ANDREA BIONDI	ITALY
ARNDT BORKHARDT	GERMANY
MARIA DOMENICA CAPPELLINI	ITALY
CARLO DUFOUR	ITALY
MARIANE DE MONTALEMBERT	FRANCE
KLAUS-MICHAEL DEBATIN	GERMANY
JEAN DONADIEU	FRANCE
BRENDA GIBSON	U.K.
JOHN GRAINGER	U.K.
SHAI IZRAELI	ISRAEL
THIERRY LEBLANC	FRANCE
FRANCO LOCATELLI	ITALY
CHARLOTTE NIEMEYER	GERMANY
CHRISTINA PETERS	AUSTRIA
IRENE ROBERTS	U.K.
KJELD SCHMIEGELOW	DENMARK
JUERG SCHWALLER	SWITZERLAND
JANINE STUTTERHEIM	THE NETHERLANDS
AJAY VORA	U.K.
JOSEF VORMOOR	THENETHERLANDS

The organizers of the EHA Paediatric Course 2024 wish to thank the following sponsors:

11th EHA Paediatric Haematology Oncology Course

Grand Hotel Riviera, Sorrento

April 10th - 13th, 2024

PROGRAM

Directors of the Course:

Andrea Biondi (Italy)

Irene Roberts (U.K.)

Arndt Borkhardt (Germany)

André Baruchel (France)

Josef Vormoor (The Netherlands)

April 10

2-5.30 pm: RED CELL AND CONSULTATIVE

Chair: Irene Roberts

*Welcome and presentation of the Course.
Aims, expectations and brief look back*

M. de Montalembert: Difficult management problems in sickle cell disease

M. D. Cappellini: Management of iron overload in multiply transfused children

J. Grainger: Coagulation and thrombosis cases

I. Roberts: Neonatal Haematology

6-7 pm: EVENING LECTURE

A. Borkhardt: Immune dysregulation leading to hematological phenotypes

April 11

8.30-12.30 am: BONE MARROW FAILURE AND CYTOPENIA

Chair: Irene Roberts

J. Grainger: Childhood immune thrombocytopenia

T. Leblanc: Congenital thrombocytopenias

C. Dufour: Congenital neutropenias

T. Leblanc: Fanconi Anemia: a pleiotropic disease

2-5.30 pm: LYMPHOMAS AND HISTIOCYTOSIS

Chair: Andrea Biondi

A. Biondi: Hemophagocytic Lymphohistiocytosis (HLH)

J. Donadieu: Langerhans Cell Histiocytosis (LCH)

A. Attarbaschi: NHL: diagnosis and treatment (including challenging cases)

6-7 pm: EVENING LECTURE

A. Vora: Chemo-free cure of childhood ALL- where do we stand now and where are we going?

April 12

8.30-12.30 am: LEUKAEMIA: ALL

Chair: Andrea Biondi

J. Vormoor: How leukemic cells reprogram their bone marrow micro-environment

S. Izraeli: Molecular pathogenesis of childhood ALL

J. Stutterheim: Infant leukaemia

A. Baruchel: Difficult management questions

2-5.30 pm: LEUKAEMIA: AML and MDS

Chair: André Baruchel

J. Schwaller: Molecular pathogenesis of AML

C. Niemeyer: MDS/JMML diagnosis and treatment

B. Gibson: Clinical management problems in AML

K. Schmiegelow: Acute and chronic toxicity, late sequelae

6-7 pm: EVENING LECTURE

K-M. Debatin: "perspective talk", title to be announced

April 13

8.30-12.30 am: HEMATOPOIETIC STEM CELL TRANSPLANTATION

Chair: Arndt Borkhardt

C. Peters: Everything you wanted to know about transplantation in leukaemia

F. Locatelli: Stem cells and gene addition therapy/genome editing for hemoglobin disorders.

Round Table:

F. Locatelli, A. Baruchel, A. Balduzzi: "CAR-T Where are we?"

12:30 pm: CONCLUSIONS OF THE COURSE
