## Biology and Management of Myeloid Malignancies

**Dates:** October 20-21, 2017

**Location:** Yerevan, Armenia

**Chairs:** S Daghbashyan, JJ Kiladjian, P Fenaux

**Language:** English (with simultaneous translation to Russian)

### Why attend?

This two-day meeting aims to assess and increase the participants' knowledge of the biology and management of myeloid malignancies. This will be done through lectures, interactive self-assessment cases and real patient case-based presentations. It is also a great opportunity to meet and interact with international experts.

### Goal of the meeting

To teach and update the participants on biology, diagnostic and treatment options of chronic myeloid malignancies.

### Program topics

- **Chronic myeloid leukemia**  
*S Giraudier, S Soverini*
- **Philadelphia-negative myeloproliferative neoplasms**  
*JJ Kiladjian, C Harrison*
- **Bone marrow transplantation**  
*D McLornan*
- **Myelodysplastic syndromes**  
*V Santini, P Fenaux*
- **Blastic phases of CML, MPN and MDS**  
*Y Hakobyan, K Pogosyan*

### Target group

- Clinical / Biological hematologists
- Oncologists
- Laboratory specialists
- Nurses
