

## Profile for new members for the Fellowships & Grants Committee

The Fellowships & Grants Committee is responsible for assigning EHA funding to talented researchers. We are looking for Fellowships & Grants Committee members who meet the following criteria:

- Hematology researcher (fundamental/basic or translational research).
- Established group leader.
- Successful in securing research funding.
- Enthusiastic about supporting hematology research in Europe.
- Mentoring experience (demonstrable track record as mentor).

*Hematology researchers specializing in Genomics, Epigenetics, Thalassemia, Thrombosis, hemostasis, normal stem cell biology, CLL, Non-Hodgkin's lymphoma, Multiple Myeloma, Infections in Hematology, Bioinformatics, Biostatistics, Pediatric Bone Marrow Transplantation, are especially encouraged to apply.*

*Eligible hematology researchers from countries not currently represented on the committee are particularly encouraged to apply. Please see current members [here](#).*

### Workload:

Majority of the workload for the committee is centered around the review and selection of grants winners as well as the review of reports as follows:

Review and select applicants' applications winners for EHA grants and fellowships:

- Jan-Feb: around 2 weeks to preliminary review 30+ applications for research grants
- Feb- 3-hour video conference to shortlist applicants for external review
- End of March: 1 day for interviewing candidates for the Bilateral Collaborative Grants
- Mid-April: evaluate external review feedback for 30+ applications
- End of April: 3-hour conference call to short-list interview candidates
- Mid May: 3-day attendance of the interview meeting in the Netherlands.
- End of September: Review of up to twenty applications for Kick-off Grants and Bilateral Collaborative Grants
- End of Nov: 3-hour calls to shortlist external review candidates for the Bilateral Collaborative Grants
- End of Nov: 3-hour call to select winners for the Kick-off Grants

Review Grantee Reports:

- One interim report a month on average
- One final report a month on average

Reviewing Research Mobility Grants:

Approximately two simple applications (max four pages) a month for the Research Mobility Grants

**Appointment:** for 3 years.
